Claims 1-3 remain in this application.

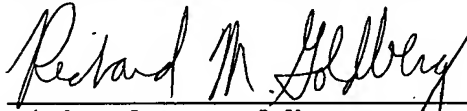

It was noticed that the drawing in Fig. 4, which is recited in the specification as a perspective view, was inadvertently provided as a duplicate plan view, the same as the plan view of Fig. 5. Accordingly, Fig. 4 has been amended to provide the perspective view which is identical to that shown in Fig. 3 but in an enlarged manner.

Accordingly, no new matter is presented herein.

A replacement sheet and an annotated sheet showing the changes for Fig. 4 are enclosed.

It is hoped that this Preliminary Amendment will facilitate an examination of the application on its merits.

Respectfully submitted,

A handwritten signature in cursive script, reading "Richard M. Goldberg", written over a horizontal line.
